Fun for the Family Promised in Albany's Fourth of July Program

Memorial Park, Portland and Ramona Avenues, will again be the site of Albany's Annual Fourth of July celebration. Activities will get under way on Monday, July 4, with a baseball game featuring two top teams in the Senior Division of Little League at 9 a.m.

Other activities scheduled throughout the day will include the watermelon eating contest, one of the highlights of the day's program, sponsored and supervised by "the Club that Knows How," the able Albany Lions club. All boys and girls eight through 12 years of age are urged to enter. The contest will start at 11:30 a.m.

Square dancing will be featured at 1:30 p.m. in the high school auditorium with Charlie Koutz calling the turns.

Participation contests for the family will be offered at 2 p.m. and will consist of the following activities: races for boys and girls in various age groups ranging from six to 12 years; softball throw for distance for both men and women. Egg-catching contest for mixed couples is one of the activities that has the most spectator interest of all. Last year three dozen eggs were used; this year, four dozen will be on hand.

Horseshoe pitching will get under way, after numerous practice sessions in the morning, at 1 p.m. Trophies will be offered for first, second and third place winners. A grudge softball game will be featured at 4 p.m. between the two top teams in the Liniment League, the Albany Municipal Employees Association, and the

Albany Moose. The Moose lodge is pointing for the AMEA as they still haven't gotten over their having to wash dishes at a joint pot luck supper enjoyed by all, especially the winners, AMEA.

Free ice cream and coffee will be furnished, courtesy of the Albany Chamber of Commerce and Safeway stores.

The Alteen Club will man the food booth, offering hot dogs, pop corn, snow cones, cotton candy and soft drinks.

The frosting on the cake will be supplied by the Albany Chamber of Commerce when the third annual Fourth of July fireworks display gets under way at 9 p.m.

NOTICE

All citizens are reminded that it is unlawful for any person to sell, cause to be sold, have possession of, or to discharge any fireworks of any kind or nature except toy pistol caps within the city limits of Albany. All such fireworks are subject to confiscation.

The exception to the above is a public display of fireworks governed by the Health and Safety Code of California. RALPH M. JENSEN Police Chief

Albany's Sanitary Landfill

THIS AERIAL PHOTO shows Albany's landfill to date in comparison with the extensive filling of tidelands by the City of Berkeley (foreground). Filling in Albany now has extended to the arrow, but 99 per cent of it has been done to reach the city's tidelands, which under terms of the 1961 grant-in-trust to Albany must be "substantially improved" by 1971. Halting the filling process by Bay Conservation and Development Commission (BCDC) would result in irreparable damage to Albany's efforts to meet the purposes set forth in the mandate, according to city officials.

Burglary Prevention Week - Nearly \$5,000 Disappears

Albany recently observed Burglary Prevention Week, but local police were notified of two residence burglaries in which losses totalled \$4,953.

In the first case, Robert Yaun of 1117 Brighton reported a loss of \$1,252 in such items as color television, radio, bank containing coins, gold cuff links, movie camera, 35 mm camera and other photographic equipment.

The second burglary was at the home of Georgiana Williams at 729 Pomona, who left on vacation June 17. On June 23, neighbors who were watching the house noticed the rear door was open. Police report bedrooms and closets were prowled but there was no sign of forced entry. In addition to \$3,701 worth of new minted coins, valuable jewelry and other items, Mrs. Williams reported many personal papers missing.

P&R Officers

At a recent meeting held by the Park and Recreation commission, the following officers were selected to serve for the forthcoming year: chairman, William Culley; vice chairman, C. F. Graeber. Other members of the commission are Mrs. Ruth Meniketti, William Miller and recent appointee, John Klavohn.

ALBANY TAKES ON BCDC IN LAWSUIT; LANDFILL CONTINUING

In a surprise move last Wednesday, Albany city officials filed suit against the Bay Conservation and Development Commission and operators of the Sanitary Landfill while residents worried when the landfill would be closed by BCDC injunction.

As of this writing, the landfill operation is continuing. Legal complexities may delay the court decision on granting BCDC the injunction to close Albany's project.

According to City Attorney Larry Saler, who prepared the declaratory relief action, Albany is now the plaintiff and BCDC is the defendant, instead of the other way around.

"This gives us a much better position," the attorney said.

Unconstitutional

The action, signed by Administrative Officer James B. Turner and served by a process server last Wednesday to BCDC secretary Helen D. Krotozyner, asks that sections of the McAttee-Petris Act, which established BCDC, be declared unconstitutional.

It contends that BCDC, a temporary regional appointive commission, has been delegated powers which interfere with a city's

improvements, property and money, that it usurps the city's rights to zoning and permit control, all in conflict with rights granted to cities by the state constitution.

Albany is a charter city. Emeryville, where bay fill has been halted by an injunction requested by BCDC, is a general law city. Saler's suit charges that government code sections applying to BCDC are unconstitutional in that they purport to delegate to an appointive commission control over certain municipal affairs of a charter city.

Primary Issue

Primary issue of the 10-page complaint is whether Albany had a plan for the tidelands before the moratorium on filling the bay was established when the McAttee-Petris Act was enacted Sept. 17, 1965.

Albany maintains that it comes under the grandfather clause of the Act in that it undertook a project to reclaim the granted tidelands on or about July 1, 1961, the same year the State Legislature enacted Senate Bill 287 granting Albany, among other

Council, School Board Will Discuss Proposed Removal of School Tax

Albany City Council Monday night voted to table a proposed amendment to the City Charter which would relieve the city of the responsibility of collecting 35 cents of the school tax. A meeting will be held with representatives of the Board of Education before action is taken.

School Board President Charles A. Pinkham spoke at the meeting, informing councilmen that a unilateral action by Albany Council to remove the 35 cents from its tax rolls would not transfer collection of that amount to

the county tax roll. A companion action is necessary, he pointed out.

Unilateral action by Albany City Council would place the school budget in great jeopardy, Pinkham said. He added that it is his personal opinion that it would be difficult to attempt the

BART Landscaping Grant Approved

Development of a linear park beneath the Bay Area Rapid Transit aerial structure in Albany and El Cerrito has been assured by a federal grant.

Receipt of \$447,000 from the Department of Housing and Urban Development June 24 means, according to BART General Manager B. R. Stokes, that landscape planners on the BART system can move ahead on a new concept of enhancing the total ride environment.

Stokes said, "This demonstration grant means we can show what imaginative landscaping can do to improve the view for the rider, as well as to provide communities with new park facilities."

Stokes said that Lawrence Halprin, chief landscape architect for BART, conceived the linear parkway plan. Funds will be used to fully landscape a 2.7-mile strip of land under the aerial structures. Upkeep of the landscaped area will be assumed by the cities.

More Talking On Telephones PT&T Reports

Telephone users in Pacific Telephone's East Bay exchange are talking more than ever, the company reports.

They made nearly 2.2 million telephone calls each day in 1965; a 22 per cent increase over the nearly 1.8 million calls they made each day in 1960, the company said.

The number of telephones in the East Bay exchange rose by 18 per cent, going from 384,000 to 452,000 in the same five-year period.

Pacific said it had 4,461 employees working in the East Bay exchange at the end of 1965 with an estimated payroll of \$28 million.

Tax payments on property within the limits of the cities of Alameda, Albany, Berkeley, Emeryville, Oakland, Piedmont and San Leandro for the 1965-66 fiscal year were nearly \$7.4 million, an increase of 33 per cent over the payment of more than \$5.5 million made five years ago.

Post 292 Welcomes Convention Delegates Home

Rank and file members of Albany Post 292, American Legion, will welcome back the elite of the post Friday evening, July 1, from the American Legion State Department convention in Bakersfield.

All officers, officers-elect and the color guard of the post took in deliberations of the convention of the Department, the convocation of the 40 et 8 and the Past Commanders' club convention.

Most important word that Albany post awaits is "Was Gilbert Sutherland the successful candidate to become State Department sergeant at arms for the ensuing year?"

If Sutherland won in his bid for this department office, he will be the first and only member of the post to attain a department office.

It is also expected that LeRoy W. Holland will come back with the charter to officially establish a Past Commanders' Club Out Post in Alameda county.

Pictures of People

A "pictures of people" contest, sponsored by Berkeley Co-op members, was announced by Catherine Webb, chairman, well-known Albany woodcraftsman and founder of the Berkeley Arts and Crafts Co-op.

The contest, in which entries will be hung on the newly completed gallery wall at the Co-op Center at Telegraph and Ashby in Berkeley, is open to all local photographers and artists. Accepted media are photos, drawings, and prints; they must be mounted and ready for hanging, and photographs should be 8x10 minimum size.

The exhibit will be on view from July 25 through August 6, and the deadline for entries is 5 p.m., July 15. Works should be submitted at the education office at the Co-op Center, Telegraph and Ashby Aves., Berkeley. Cash awards will be given the winning entries.

The theme of the show, in Mrs. Webb's words, is "people... changing, exciting, confusing. Building, creating, destroying. At the marketplace, in the community, at home." In brief—the Berkeley scene.

ter said the state Junior Chamber of Commerce is "expected to support the resolution. Egenberger added that other communities now suffering the same problem also can be expected to support it.)

FILED a copy of a letter to the Planning and Zoning commission from John M. Hogg, architect, for his client, Jew Tom, concerning extension of a use permit for construction of a seven-unit apartment.

AUTHORIZED preparation of a resolution amending the Fire Prevention code as requested by Albany Fire Department; year-end transfer of funds.

PASSED TO PRINT (see legal today) an ordinance amending the zoning ordinance.

HEARD Turner report "everything is shaping up" on the San Pablo Avenue street lighting project.

UNDER GOOD OF THE CITY, Councilman Joe Carlevaro reminded residents of the July 4th celebration in Memorial Park; Mayor Richard Clark, of the fireworks that night at Golden Gate Fields and the county fair in Pleasanton July 3-17, inviting citizens to Albany Day July 15. Carlevaro said Senator Kuchel is watching the proposal to have curbside delivery of mail. Councilman Lewis Howell added that the day could come soon when all mail will be delivered to a box on the curb, and Egenberger noted that Ladybird Johnson is concerned about aesthetics.

Howell and Clark commented on the grant to Bay Area Rapid Transit for the beautification of the route through Albany and El Cerrito (see separate story).

"Maybe we won't come out on the short end of the stick, after all," Howell said.

The meeting adjourned at 8:50 p.m.

Albany Takes On (Continued from Page 1)

things, additional uses and increased lease terms for the tidelands and submerged lands on condition that within 10 years the lands be substantially improved by the city or authorization for use of the lands would automatically terminate.

In 1961, Albany opened a landfill operation on the Buchanan Street extension. In 1963, it entered into a 10-year contract with Donald Re for a sanitary landfill operation on the extension of Buchanan and the tideland granted area.

Grandfather Clause

The McAteer-Petris Act specifies: "Nothing in this title shall apply to any project where necessary local governmental approval and a Department of the Army Corps of Engineers permit have been obtained to allow commencement of the diking or filling process, and where such diking or filling process has commenced prior to the effective date of this title. . . ." This is the so-called "grandfather clause."

Albany contends it had begun its project well before Sept. 17, 1965. In addition, it entered into a contract with Planners Ruth and Krushkhov in 1963 for a general plan program, including the waterfront. Because the sanitary landfill operators, who also have been filling portions of Santa Fe property for added parking at Golden Gate Fields, just reached Albany's submerged lands within the past three months, there seemed no great rush in obtaining a specific plan for the tidelands. BCDC, however, interprets the word "project" in the grandfather clause to mean detailed plans.

Albany's suit contends that controversy has arisen between the city and BCDC relative to their respective rights, the definition of "project," and whether

BCDC does, in fact, have jurisdiction. It quotes from the government code section providing that BCDC "be empowered to issue or deny permits . . . for any proposed project."

The suit asks the court to decide whether Albany is exempt from BCDC jurisdiction, whether sections of the McAteer-Petris Act are valid and constitutional as applied to Albany in order to ascertain Albany's rights and duties and that BCDC not interfere with or curtail the continuing tideland reclamation project here.

"Irreparable Injury"

Albany, the suit continues, will suffer "great detriment, injury, infringements of its rights and great and irreparable injury" if BCDC is allowed to "take Albany's property without just compensation and without being required to file a bond to respond in damages." It further states that the reclamation project would be curtailed and Albany would be prevented from complying with the tideland grant requiring substantial compliance by 1971 and that Albany's contract with the landfill operators

Eagles Auxiliary

Publicity Chairman Laura Carter of Bayview Eagles auxiliary 2323, has announced the election of Ada Townsend as State Madam Vice President of the State Eagles auxiliary. The election took place at Bakersfield over last week end.

Mrs. Townsend has been active in Bayview auxiliary for several years. She is a charter member, a past president and a "Mother" of the auxiliary. Members extend best wishes to her for a happy and successful year.

would be infringed, resulting in loss of revenue as well as loss of money already expended on the tidelands project.

The second cause for action asks the court to determine respective rights and duties of the City of Albany and Donald Re and associates, operators of the landfill project.

BART Landscaping
(Continued from Page 1)

Linear parks will contain eight-foot-wide walkways, landscaped mounds and slope shaping, slope protection for existing waterways within the park, and 360 street and shade trees along the Albany-El Cerrito route. Grassy play areas, shuffleboard facilities, extensive use of ground cover plants and an irrigation system also are features of the park project.

Two playgrounds, or "tot lot," are provided for in the Albany-El Cerrito project, along with benches, bicycle racks and walkway lighting.

Along the Albany-El Cerrito line, the linear park will flow into public property at a school, a park, a senior citizens' center and a library.

In commenting on the landscaping of aerial structures Halprin said, "The solution to effectively integrating structures of this kind in a city depends not so much on the design of the structure itself, but rather on the environment around the structures and the desirability of providing the neighborhood with breathing space."

All Star Managers And Coaches Named

Managers and coaches for the two Albany Little League All Star teams have been named by Del Wisenor, league president.

The Team

Boys named to the All Star team are John Brodie, David Diaz, Tom Drennan, Matt Gray, Bruce Harvey, Terry Inerra, Bob Stovel, Rich Vila, Jeff Arnold, Lenny Patterson, Ken Segerberg, Clarke Bailey and Allen Hoggatt. Alternates are Bill Worden and Ralph Valentine.

Heading the teams will be Al Klobas, manager, and Jeff O'Donnell, coach for the Senior Division and Bob Gray, manager, and Bob Luoma, coach for the National League. American League does not enter into All Star Little League competition.

Klobas has been with the league for seven years starting as the Pirates coach for three years, manager for two years and

is completing his second year as manager with the Colts.

Managing the Mets for two years, O'Donnell led his team last year, taking the Senior Division's pennant.

National League's Bob Gray has been with the league for five years starting as the Yankees coach, then as manager for two years and is now in his second year as manager of the Albany Lions club cards.

The Cards won the pennant in their division last year.

Luoma has been with the league nine of its 10 years, starting as an umpire, which he has continued doing every year. He was umpire-in-chief for three years, coach of the Athletics for one year and is now managing the Albany Tire Service Cubs for its second year.

These four men will strive to lead their teams through tournament victories, following the rules and regulations set up by Little League Headquarters in Williamsport, Pennsylvania.

DIGNIFIED Surroundings For a DIGNIFIED Funeral

To a bereaved family, how important are such things as warm and familiar surroundings, convenience and dignity?

The value derived from such qualities cannot be measured or weighed or counted in the material sense, the question above is an almost impossible one to answer.

We can only say this: our facilities are homelike, central location is conveniently reached from all parts of this area, and our services are always dignified — and the families who learn these facts by relying upon us once almost invariably rely upon us again, whenever the occasion arises.

Judy Williamson Memorial Service Saturday Morning

Friends of the late Judith Gail Williamson and her parents, Stanley and Clara Williamson of 635 Jackson Street, filled the drawing room chapel of Ellis-Olson mortuary Saturday morning to pay tribute to the memory of the young girl, who would have been 21 last Wednesday.

Two baskets of gladioli, snapdragons and other summer flowers flanked the pulpit as Father Edgar G. Parrott of St. Philip's Episcopal church in El Sobrante read the burial rites of the Episcopal church in a service lasting about 15 minutes.

"We do not mourn as those without hope," Father Parrott said. "I am the Resurrection and the Life, he that believeth in me is not dead . . . though my body is destroyed, I shall see God. . . ."

Father Parrott read from Psalms 46 and 121, the eighth chapter of Epistle to the Romans and the 14th chapter of St. John beginning "Let not your heart be troubled. . . ."

The concluding prayer was the Lord's Prayer, repeated in unison by those present.

Father Parrott prayed for deliverance from "injustice, hate and malice," but surely there were thoughts of both hate and malice in the chapel toward the person, still at large, who brutally ended Judy's life in October, 1963.

The sophomore pre-medical student at the University of California disappeared from the corner of Portland and San Pablo about 7 a.m. on Oct. 23, 1963, while she was en route to classes.

Her remains were found last April 7 on a hillside near Santa Cruz. A few days previously her parents had departed for a tour of Europe. When contacted in Spain, they were urged to continue the trip. They returned last week.

Judy was a member of Job's Daughters, Bethel 87 of Berkeley and the Masonic club of the University of California. She was a graduate of Albany High school, where she won top prize in the Science Fair and was well-known as a public speaker.

Other survivors include her grandmother, Elsie Karpe. The family requested donations in her memory to the Shriners' Hospital for Crippled Children in San Francisco.

Rookie Policeman Dunked in Bay

Albany's newest police officer, Roger Freeman, had a shattering experience June 22 when an apparent would-be suicide, Dan Caldwell, grabbed him in a headlock as they scuffled in Albany's tidelands and pulled him under the water.

Quick action on the part of Sergeant Carl Lindh is credited with saving Freeman from drowning. Lindh applied a choke hold to Caldwell, 18, of 625-A Kearney, El Cerrito, who then released Freeman.

Police responded to a call about 3 p.m. that somebody was trying to commit suicide by drowning in the Bay.

Pam Lewis of 628 Kearney, El Cerrito, and Earl Borreani of 713 Jackson, Albany, were both about 100 yards off shore attempting to talk Caldwell, who was out about 150 yards, into returning to dry land. All were completely clothed.

Miss Lewis reported she had tried to save him "with life saving tricks but he was too strong." Borreani said Caldwell had fought him off with his fists.

As police watched, Caldwell came to a rock just off shore, sitting with his feet in the water and holding a rock twice the size of a baseball.

Officers attempted to coax him in, ordered, then taunted him, but he refused to leave the rock. When he stood up in the water, officers were afraid he'd swim out in deep water again, so Freeman and Lindh, in complete uniform, started toward him. Freeman moved to tackle Caldwell when he thought he might lunge at the officers. As soon as Freeman connected, Caldwell put a headlock on him and fell back in the water, taking Freeman with him.

Sergeant Jim McLeod and Lindh pulled Caldwell above water but he would not release the young police officer until Lindh put a chokehold on him.

Caldwell was pulled to the bank, still struggling, forcibly handcuffed and hauled off to the padded cell in Albany's new jail. He was booked for investigation of battery on a police officer, now a felony since legislation in 1965. He was held in lieu of \$2,200 bond.

Meanwhile Officer Freeman, Sergeants McLeod and Lindh and Police Chief Ralph Jensen, who joined the struggle on shore, mourned over their soggy clothing.

July 4th Fireworks

MAYOR RICHARD CLARK, chairman of Albany's July 4th fireworks about 9 p.m. Monday at Golden Gate Fields parking lot, prepares to light the fuse of a giant firecracker as his cochairman, Councilman George Hein, right, covers his ears. Don Luoma is the interested spectator at left.

Dazzling Fireworks Display At 9 p.m. Monday Night

A dazzling display of pyrotechnics, better known as fireworks, awaits thousands of East Bay residents July Fourth on the Albany side of Golden Gate Fields' parking lot, starting about 9 p.m.

Cochairmen Mayor Richard Clark and Councilman George Hein have announced that \$1 donation per car will be collected upon entering the parking area. Also, a refreshment booth headed by Bill Garren will open at 7:30 p.m. to sell items such as hot dogs, pop corn, cotton candy, coffee and soft drinks.

Spectators coming from the Berkeley area may reach the Buchanan Street entrance to Golden Gate Fields by driving north on Eastshore, turning off at Albany's first off ramp and keeping to the left. People coming from the Richmond area via Hoffman Boulevard, must keep to the left, passing the Albany city limit sign and turn right at the first stop sign. Visitors from the Richmond area approaching by way of Eastshore should go to Gilman Street, turn left under the ramp and left again back to the freeway heading north to Albany's first off ramp following the route described above for Berkeley residents. Others may take San Pablo Avenue to Buchanan Street which leads to Golden Gate Fields.

It is noted five entrance lanes will be used to accommodate the more than 4,000 cars expected. Every effort will be made to keep traffic moving easily.

Fireworks committee coordinator Bill Garren and Chamber of Commerce secretary Neal Clarity, who is also in charge of physical arrangements, have been working hand in hand with the

cochairmen securing volunteer help for parking, collections, publicity, concession stand and for clean up.

Volunteers include Walt Corvello, Lou Tripodi, Al King, John King, Bob Milholland, Fern Luoma, Joe Dagna, Bill Johnson, Jack Dempster, Ron Aiello, Tom Brennan, Margo Patterson, Ralph Hill, Al Drozda, Don Howell, Gil Freels, Dario Meniketti, Tim Fine, Phyllis Lyon, John Larimer, Bob Luoma, Herb Letin, Bundy and Ann Andreani and Jim Vogelmann. Jaycees will take charge of cleanup.

More volunteers are needed. Anyone wishing to help should call the Chamber of Commerce (LA 5-1771).

P-Z Approves Change in Woulfe Plans

Jim Woulfe Ford received approval from the Planning and Zoning commission June 14 to demolish store buildings from 840 through 854 San Pablo and use the area temporarily for auto sales and storage.

Initial plans called for a modern new building in the area.

Plans outlined were approved on condition the area be smooth and level and that adequate lighting be installed.

Jerome Blank was granted permission to move a single family residence from 1650 Franklin in Berkeley to 1124 Evelyn in Albany.

Owners of the Lucky 13, Red Peterson and Dan Collins, were given architectural approval for modernization of 901 San Pablo Ave., for a steak house and cocktail lounge.

John Hogg, speaking for the owner of 514 Kains who had received earlier permission to build an apartment house before apartments were ruled out in the area, asked for an extension on the permit, which expired in May. This was held over for the meeting last night.

Also on the agenda for last night were the Lucky 13 resubmitting drawings for architectural approval at 901 San Pablo, a request by Mrs. E. J. Roseboom for a home occupation permit at 1070 Masonic, and a request by Mr. and Mrs. W. O. Roberts for reduction of side yard and front setback at their new residence at 800 Hillside.

The commission was also to have discussed parking on Tevelin, referred by the City Council.

WATER OUZEL

The dipper, or water ouzel, a small bird living high in the mountains, is reported by the National Automobile Club to trot along under water searching for insects on stream beds and to come up only occasionally for air.

BUYS IN ALBANY

Western Electric, the Bell Systems manufacturing and supply branch, announced today it purchased \$5,702 worth of local goods and services last year from three Albany firms.

Terrace Park Day Camp Now Open

Day camps will again spring up at Terrace Park. This year, the Recreation Department has planned four two-week sessions: June 27 to July 8; July 18 to July 29; Aug. 8 to Aug. 19; Aug. 22 to Sept. 2.

Under the direction of Carl Hallford and Pat Boydston each session will be packed with games, parties, movies and trips. A fee of \$6.50 will be charged for one child and \$10 for two children. The fee will cover insurance, creative crafts, ice cream each day, two afternoons of movies, prizes, punch and cookie parties, excursions and special treats.

Each week Terrace Park will charter a bus to places like the Zoo, Fairyland, the Naval Air Station, Ice Cream Factories, and the like.

Suzi Griffin Bryant will direct crafts at Terrace. This year exciting new things will be done with leather, felt, burlap and plaster.

One day a week will be devoted to just plain fun. A costume theme will be planned and special prizes will be given for the best costumes. This will be followed by a barbecue, special games and activities.

Other days will be devoted to the development of sportsmanship and team activities. Lessons will be given to develop basic skills and coordination.

All in all, the program this year will be better than ever. Inquire at the Recreation Department, 526-6116 or 525-5704; or Terrace Park, 526-6130, for necessary information to enroll children in camp this year.

Elenore Mandl Perfects Exerciser

Elenore Mandl, owner of Passivex Figure Control in Albany Square at 800 San Pablo Ave., has perfected the passive exercise system and come up with a completely different action plus creating a unit which is attractive in the home.

She is offering the unit at her studio, where demonstrations may be arranged by appointment by calling 526-5045.

Mrs. Mandl said her unit is responsible for removing at least two inches on each of her own thighs, one of the most difficult

bulges to remove. An Albany woman who accepted her offer to use the Passivex Home Exerciser also lost about two inches on each thigh using the unit as she watched TV in the evening over a period of two weeks.

Mrs. Mandl, who dislikes making extravagant claims for the exerciser, says it will not necessarily take off pounds without being coupled with a careful diet. It is perfect exercise for those who don't have time for conventional exercises, she says, and is ideal to firm up and proportion

bodies. She says older women, particularly those who are active, find the Passivex a marvelous form of exercise.

The Albany office is the one in what she hopes will be a chain of offices.

DELEGATES

John Gonzales, commander VFW post 6422, El Centro, Estelle Marinelli, president auxiliary, will be delegates to state convention in San Diego. Others from Albany also plan to attend.

Senior Division
As Albany Senior Division, Little League, goes into its final week of regular play, the Phils are leading the league with a 4-0 record. Others are Colts 3-1, Reds 2-2, ets 1-3, Astros 0-4.

The week's resume is as follows: Steve Valenzuela pitched the Colts to a 4-2 win over the Astros on just three hits.

Tom Dyer hurled a 12-hit game, while Gerry Behman allowed the Reds three hits in beating them 4-2. The only bright spot for the Reds was Vaughn Nordby's triple. Behman was given a big cushion by Mike Reed's double, a single, double and triple by Russ Klobas and a triple by Bill Haskins. Behman struck out eight batters. The Mets beat the Astros 16-1, in the second game of the day.

Monday the Phils came back with Bill Haskins beating the Mets 4-2. Haskins gave up five hits and struck out 11 batters, but he won his own game with a three-run homer.

Friday the Colts beat the Mets 4-2. Jeff Gray, starting pitcher, was taken out in the fourth inning. Jim Schindler came in to pitch, the bags were loaded, one out and a 2-0 count on the batter. It took Schindler just 7 pitches to retire the side and finish the game to get the win.

First game on Saturday, the Phils beat the Astros 6-3, Larry Dutcher getting the win.

In what has to be the most tense game of the season to date, the Colts beat the Reds for the first time this season with a 1-0 score. Steve Valenzuela had a no-hitter going for six innings. The only Red to get on base was Kevin O'Gorman, who walked three times. After O'Gorman's third walk, back to back singles by Vaughn Nordby and Tom Dyer, Valenzuela bowed his neck and struck out the next two batters, and the last man up forced a runner at second to end the game. Valenzuela won his own game in the 6th inning, when he tied off with a double, went to third on a pass ball and with two men out, Dennis Simon hit a single over second to drive in the only run of the game. Valenzuela struck out 12 batters in this ball game.

H.L. Moore Firm Will Participate In Training Program

H. L. Moore Chrysler-Plymouth of Albany will participate in a new job development program to train young men to become automotive technicians. The program is co-sponsored by Chrysler Motors Corporation and the U.S. Department of Labor.

Approximately 65 Chrysler Motors dealerships in the Bay Area will train 80 young men as general repair mechanics and body repairmen.

Applicants may apply at the local apprenticeship information centers or the local offices of the State Employment Service.

Apprentices must be at least 18 years of age and pass a series of tests to determine whether they have an aptitude for auto mechanics.

Charles F. Hanna, Chief, Division of Apprenticeship Standards, said that the "Chrysler apprenticeship program is right in step with Governor Brown's statewide training drive, 'Operation Skilled Labor Build-Up.'"

The Governor launched the drive in a message designating June as Apprenticeship Month.

Chrysler's nationwide job development program is the first to be cooperatively undertaken by a major automotive manufacturer and the U.S. Government. In California it was set up with the cooperation of the Division of Apprenticeship Standards.

Explaining the need for the program, Virgil E. Boyd, Chrysler Corporation group vice president—domestic automotive, said, "The automotive industry is now producing and selling automobiles at a rate that requires additional thousands of service personnel. At least 20,000 new recruits are needed each year just to replace the men who will leave the trade by retirement or promotion. The technicians training program will help supply this need."

Authorized Chrysler Motors Corporation dealerships recruit and employ apprentices after they pass specific tests.

Under the four-year program the apprentices who will work a regular 40-hour week will be paid at the apprentice rate with regular wage increases as they become more skilled. They will receive formal instruction four hours a week in auto maintenance and repair at designated schools throughout the Bay Area.

Chrysler is an equal opportunity employer.

New, Larger Blue Chip Store

Blue Chip Stamp Company has recently opened a new and larger redemption store here to serve Oakland area residents. It was announced by Jack Koepfel, vice president of Blue Chip's Northern California division.

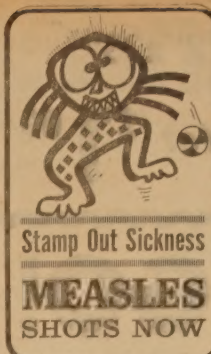

Located near the Hegenberger Road off-ramp of the Nimitz freeway at 8450 Enterprise Way, the new 15,000 square foot store is designed especially for redemption operations.

According to Koepfel, the new Oakland store is another step in Blue Chip's continuing expansion program to provide better service for its customers.

"The new redemption store has a larger display area of Blue Chip catalog merchandise, ample customer parking area and automated facilities from stock room to service counters to speed up delivery of merchandise to customers," Koepfel said.

Store hours will remain the same—9:30 a.m. to 5:30 p.m., Tuesdays through Saturdays.

Among guests were the bride's grandmothers, Mrs. Lillian Mahler of Alameda and Mrs. Ann Griffin of Walnut Creek. Mr. and Mrs. William Cook of Alameda were present for their grandson's wedding. Also in attendance was the retired dean of boys at Albany High school, F. William Feeny, and Mrs. Feeny.

Sign Up Now For Summer Softball League

Sign ups are now being taken for the summer softball league sponsored by the Albany Recreation Department. There will be two leagues organized for summer play. Both leagues will be primarily of the slow pitch type of game, but it is the intention of both leagues to be primarily for hitting and fielding.

The Liniment League will be available for those teams whose members are over 35 and who no longer expect to become a bonus baby for the major leagues. The league will consist of teams from East Bay Chevrolet, Jim Woulfe Ford, Albany Moose Lodge and others.

The slow pitch league is primarily for men 18 to 35 and will comply with the official fast pitch softball rules in all cases with the exception of "the legal pitch rule." A tentative managers' meeting is scheduled for the slow pitch teams for June 29 at 8 p.m. in the Community Center. League play for both leagues is expected to start the week of July 11. For further information concerning the slow pitch league, contact Don Dupin at 526-9555; for the Liniment League, call Bud Rooney at 525-5704 or 526-6116.

Recent experience with storage of boats in home garages has proven very dangerous. Explosions, fires and deaths have been caused by careless storage practices from this source.

After that weekend of boating check your boat before you "secure" it. Be sure the gasoline has been safely stowed. Check for any other fire sources such as: Is it too close to any flame producing devices? If something did happen, is there enough room around the craft to allow a quick entry into the area? Is it in a position where children may play when no one is around to supervise? Has someone dropped a lighted cigarette under the floor boards or in some storage area?

A few precautions before leaving your boat after you arrive home may be the difference of using your boat again and a probable disastrous fire or great injury to one of your family.
